## 1 INTRODUCTION

### 1.1 Organizer's speech

Welcome to Rally Talsi!

Round 4 of the 2013 Latvian Rally Championship Rally Talsi will start a new chapter of the championship. After three winter events in Liepāja, Ventspils and Gulbene, Rally Talsi will give drivers the opportunity to leave their studded tires in a garage and proposes a whole different road conditions, though fast and challenging.

Rally Talsi will commemorate an anniversary, as this will be the fifth year when it bears the title of Rally of Champions. As tradition says, the rally will host multiple N4 group champions of the region whom will be challenged by the always fast and competitive local and neighbouring drivers. For two days the drivers will have the opportunity to showcase their skills and earn the sympathy of

spectators.

Given the opportunity, I would like to express gratitude to the city of Talsi, who made it possible to allocate considerable financial funds, so that rally drivers already could start the rally and fight for the title of Rally of Champions.

Let them champions fight!

## 2 TALSĪ

### 2.1 Allocution by the Chairwoman of the Talsi Region Council

In the name of the Talsi County I congratulate all Rally participants and fans!

Traditionally each year in May the Talsi City hosts a rally event, and we are always very glad that the city and county guests enjoy not only a car racing competition, but also the beautiful Talsi County offering vast possibilities for good rest.

I highly value the significance of the Rally in the life of the Talsi City, and hope that in the name of all inhabitants of the Talsi County I can express joy that the Rally Talsi tradition continues, and this sports event significant both to the Talsi City and our county once again will gather many motorsports fans. In more than 40 years the Rally Talsi has become an expected and meaningful event, thus it is a double pleasure that owing to the Council deputies funding is allocated in order to ensure that we can enjoy this exciting sports event also this year. This event is one of the most significant events in our neighbourhood that facilitates recognisability of the Talsi County, opens the summer season and shakes up entrepreneurs and the county inhabitants in order to be ready to welcome guests from near and far.

Let us welcome the Talsi Rally in the blooming spring, but not forget also about cleanness in forests and meadows and security in tracks. Only we ourselves can ensure holiday mood both for ourselves and others!

### 2.3 The city of nine hills

Every city has its charm, its spirit and pace, its past, present and future. In Talsi everything is near, next to and side by side, intertwined and colorful. The Talsi City through centuries, even in the current hurried age, has managed to merge the development tendencies of a temporary town with the original charm of a serene and calm provincial town.

In means of the relief diversity and landscape beauty there is no town like Talsi. The beautiful nature – hills and lakes – add to the landscape characterized by small buildings. There are two-storey household buildings in the depth of yards. Among wooden buildings there are also two-storey and three-storey stone buildings – almost

all of them have ridged roofs with bevel ends. Such roofs are more characteristic to Talsi than to any other town in Courland.

It is a necessity – once and for all to see and to realize, as well as to walk and to cycle around in order to feel the breath of the past, the calm pace of the working day and the beauty of nature. Quickly down the paved streets and city footsteps, slower up the hill and then down again with new vigor. So from hill to hill, past both lakes until all nine hills winded into a ball reveal their stories.

The nine hills – Pilskalns (Castle Mound), Ķēniņkalns (King's Mound), Leču kalns, Tiguļu kalns, Sauleskalns (Sun Mound), Baznīckalns (Church Hill), Krievragkalns, Vilkmuižas kalns, Dzirnāvkalns (Mill Hill) – and both city lakes keep history of several centuries and create the peculiar building and landscapes characteristic only to Talsi. Pilskalns is 32 m above the level of the Talsi Lake. The white and stately Talsi Lutheran Church on the top of Baznīckalns can be seen from far beyond. The sphere on the top of the church tower reminds about the spread of the Christianity all around the World, but the cock calls to remain alert and preserve quiet conscience.

At all times the Talsi City can be compared with a proud woman of Courland – she is reserved, mysterious and hardworking. This is how we daily see out city...
