1 INTRODUCTION>

1.1 WELCOME NOTE BY THE DIRECTOR OF RA EVENTS

Welcome to *Rally Talsi*!

Rally Talsi has kept its place in the *Latvian Rally Championship (LRC)* calendar in 2015, and will again be the first rally of summer season. Just like last year, the event will begin on Thursday, May 14, when the crews will undergo administrative checks and receive all rally documentation. Friday will host the recce and shakedown stage. The rally ceremonial start and first stages will take place on Saturday, May 16, with *Rally Talsi* concluding on Sunday, when, after doing more than 100 stage kilometers, the drivers will return to Talsi city square for the awards ceremony.

Myself and the whole *RA EVENTS* team are thrilled that the past rallies have been highly rated outside of Latvia as well, leading to this year's rally also being a part of the *Lithuanian Rally Championship (LARC)*, *North European Zone (NEZ) Rally Championship*, and *NEZ Junior Championship* calendar. Lithuanian Automobile Federation is celebrating its 25 year

anniversary in 2015, thus, we are especially honored to host *LARC* event in Talsi and be a part of a remarkable year for *LARC*.

As always, Talsi will also host the *Rally of Champions*, where the 2014 season champions from various countries are welcome to battle it out and find who the champion among champions is. For the second year in a row, the spectators will also be able to look into the past with *Youngtimer* cars tackling the Saturday stages before the rally cars, albeit taking part in a regularity rally not fighting for the fastest stage times.

Lastly, we would like to thank the Talsi region municipality, who are gladly welcoming crews from Latvia, Lithuania, Northern Europe and others in order to begin the 2015 summer season with an unforgettable event among the nine hills of Talsi region.

See you at the finish podium!

Rally Talsi director

Raimonds Strokšs

2.1 WELCOME NOTE BY THE CHAIRMAN OF THE Talsi REGION MUNICIPALITY

Welcome to the Talsi region and *Rally Talsi*!

Each year is different – a new generation arrives, with their own personal values. But some things do not change and remain a dream for the whole society. Faster, higher, stronger – an old Latin formulation of the human competitive spirit, is fully encompassed in sports. This is why *Rally Talsi* is so popular among motorsports enthusiasts.

During springtime, the nature awakens – flowers sprout in the meadows and the woods seem to come alive. Simultaneously, summer cherries, lilacs and jasmines blossom in Talsi. *Rally Talsi*, however, is the event that truly awakens our region and paves the way for summer.

I would like to wish you all to have an unforgettable event - enjoy this display of pure motorsport! Experience the nature and the beauty of Talsi and have a great summer! Hopefully you will be faster, higher and stronger!

The Chairman of the Talsi Region Municipality

Aivars Lācarus

15. augustā Draugu diena Gruzijas zīmē un Dižmāras gadatirgus Talsos

Talsu novada pašvaldībai ir deviņas ārvalstu sadarbības partneru pašvaldības, ar kurām notiek intensīva kultūras tradīciju apmaiņa. Šogad Talsu Draugu diena izskanēs Gruzijas zīmē, kad Talsos pulcēsies tirgotāji „Dižmāras” gadatirgus laikā.

Jau pagājušā gadsimta sākumā „Dižmāra” Talsos bija laiks, kad visā apkārtnē darbi tika pārtraukti, svētku drēbes apvilktas un vasarā sapelnītā nauda kešā salikta, lai dotos uz „Dižmāru” Talsos.

Seno dienu godība nav zudusi arī šodien. Kā jau īstā gadatirgū, andeles priekus papildinās visdažādākās aktivitātes.

Šajā dienā Talsos no malu malām gaidīti pircēji, pārdevēji, dižoties gribētāji, teātra spēlētāji, dziedātāji, dejotāji un vienkārši vērotāji, lai būtu klāt Talsu gada lielākajā notikumā – „Dižmāras gadatirgū”.

2.3 THE CITY OF NINE HILLS

Talsi – the city of nine hills! Talsi folk house proudly sits at the base of Kēniņkalns, with the courtyard containing a Creative corner, and a hiking trail around the Talsi lake.

Every city has its charm, its spirit and pace, its past, present and future. In Talsi everything is near, next to and side by side, intertwined and colourful. The Talsi City through centuries, even in the current hurried age, has managed to merge the development tendencies of a temporary town with the original charm of a serene and calm provincial town.

It is a necessity — once and for all to see and to realize, as well as to walk and to cycle around in order to feel the breath of the past, the calm pace of the working day and the beauty of nature. Quickly down the paved streets and city footsteps, slower up the hill and then down again with new vigour. So from hill to hill, past both lakes until all nine hills winded into a ball reveal their stories.

The nine hills — Pilskalns (Castle Mound), Kēniņkalns (King's Mound), Leču kalns, Tigūļu kalns, Sauleskalns (Sun Mound),

Baznīckalns (Church Hill), Krievragkalns, Vilkmuižas kalns, Dzirnaukalns (Mill Hill) – and both city lakes keep history of several centuries and create the peculiar building and landscapes characteristic only to Talsi. Pilskalns is 32 m above the level of the Talsi Lake. The white and stately Talsi Lutheran Church on the top of Baznīckalns can be seen from far beyond. The sphere on the top of the church tower reminds about the spread of the Christianity all around the World, but the cock calls to remain alert and preserve quiet conscience.

At all times the Talsi City can be compared with a proud woman of Courland — she is reserved, mysterious and hardworking. This is how we daily see our city...

2.4 TALSĒ COUNTY IS DIVERSE AND CREATIVE

The Talsi County is part of the Northern Courland Upland — its highest spot is the hill Kamparkalns. From the view-point on the top of the hill one can enjoy a panoramic view over four cities and 14 parishes of the county.

The small town **Sabile** with its charm and its symbol — **the Wine Hill** — deservedly is called the City with a Berry. In Sabile it is possible to visit local wine-makers and to taste wine and cider — the drinks that are

known since the times of the Duke Jacob and are still brewed in the Ancient Abava River Valley. Vine and cider can be purchased in the town's shops. The name of **the Pedvāle Open-air Art Museum** has become popular a long time ago due to the sculptor's Ojārs Arvīds Feldbergs fantastic imagination in organising international workshops and creating environment art objects. An unusual ritual that has become very popular among travellers is planting of a stone seed under supervision of the sculptor itself.

Valdemārpils — the town of linden blossoms — since 1926 bears the name of Krišjānis Valdemārs (1825-1891) — a man from Talsi County, an economist, a facilitator of the Russian and Latvian maritime shipping and a founder of naval schools. However the lake and the thickest linden in the Baltic still bear the ancient name of this area — Sasmaka. Today Valdemārpils is well-known because of the wood-carving master craftsman **Igurds Baņķis** working in the handicraft farmstead *Kauliņi*. Here it is possible to see the outstanding masterpieces made of wood by Igurds — a small train *Seal* and a wooden car *Grizzled Brisker* — and to take a ride in them as well as to listen to old stories about Ārlava and not so old stories about Valdemārpils. Igurds teaches crafts and shares his wisdom to boys and girls from all parts of Latvia as in Valdemārpils the ancient Ārlava Agriculture Society House accommodates his workshop *Zelli*.

The Laumas Natural Park each year offers to its visitors something new — this year nearby the professional frisbee golf area opened in 2013, an adventure golf track has been created, and it is a great active recreation area for everybody independently from age. Certainly, visitors are still invited to enjoy the Bee Trail, the Bird's Trail as well as the Sports Trail.

Stende is the newest town in the county, and it is a town among roads and woods. It was created more than 100 years ago as a station after construction of the Rīga-Ventspils railroad. It has acquired its name from the nearby and in one's time vast minors of Pastende and Dižstende. The fields of the Dižstende Minor now are occupied by the scientists of **the State Stende Crops Selection Institute** that select new varieties of wheat, barley and oats.
